

ABOUT US

"MARSWELD, quality supplier in China" for our customers all over the world is the dream of MARSWELD company.

We focus on inverter welding machine industry. Marsweld Industrial Company Limited(深圳钺晨实业有限公司) as a registered private company in China. Our top team research and develop different kinds of inverter welding machines include MMA, TIG, MIG/MAG and Plasma cutting, output range of plasma cutting from 30A to 600A and original design ZL serial(MMA+CUT) and pump built-in serial(45~160A). we mainly OEM competitive machine for customers, we also provide ODM service according to special requests from different country and areas.

We will support you by our high quality products, competitive price and our perfect service. We do hope to establish a long term business relationship with your honored company!

Management

Mission:

To create more value

Target:

Provide quality and competitive welding machines

Product concept:

To meet the requests of our customer and grow together

Management Direction:

Quality Service Value

FEATURES OF "5G" MMA WELDING MACHINES

ZX7-315K/400K/315D.....1ph 150~550V
 ZX7-400D.....3ph/1ph 150~550V

CLASSICAL

Model	ARC-315K	ARC-400K	ZX7-315D 5G	ZX7-400D 5G
Input Voltage	AC150~550V/2P			AC150~550V/2P/3P
Size	280*190*240		435*203*235	
Weight	6.2kg	6.5kg	8kg	9kg
Max. Input power	10.2KVA	10.8KVA	8.9KVA	11KVA
OCV	75V			
Max. MMA output	10~210A	10~220A	20~240A	20~280/240A
MMA	3.2mmmm continuously	4.0mmmm continuously	3.2mm continuously	4.0mm continuously

ZX7-500DII/500D.....3ph/1ph 150~550V
ZX7-500II.....3ph 380/400/440V

CLASSICAL

ZX7-500/500C/630.....3ph 380V

CLASSICAL

Model	ZX7-500DII	ZX7-500D(IGBT modules)	ZX7-500II
Input Voltage	AC150~550V/2P/3P		AC380/400/440V-3P
Size	435*203*235	478*233*390	
Weight	8kg	12kg	12kg
Max. Input power	12KVA	13.9KVA	13.2KVA
OCV	75V		75V
Max. MMA output	240A/280A	250/330A	280A
input 220V	4.0mmmm continuously		--
input 380V	5.0mmmm continuously		5.0mmmm continuously

Model	ZX7-630(IGBT modules)	ZX7-500	ZX7-500C(IGBT modules)
Input Voltage	AC380-3P		
Size	435*203*235		478*233*390
Weight	10kg	8kg	14kg
Max. Input power	27.8KVA	12KVA	12.6KVA
OCV	77V	72V	
Max. MMA output	500A	300A	330A
MMA	5.0mmmm continuously		
Others	25mm diameter. Steel bar butt welding		

MARSWELD, QUALITY SUPPLIER IN CHINA

**Professional Air Plasma Cutting
and Welding Machine Manufacturer**

Compressor built-in air plasma cutting serial;

Full range input voltage air plasma cutting serial;

Full range input voltage+MMA air plasma cutting serial;

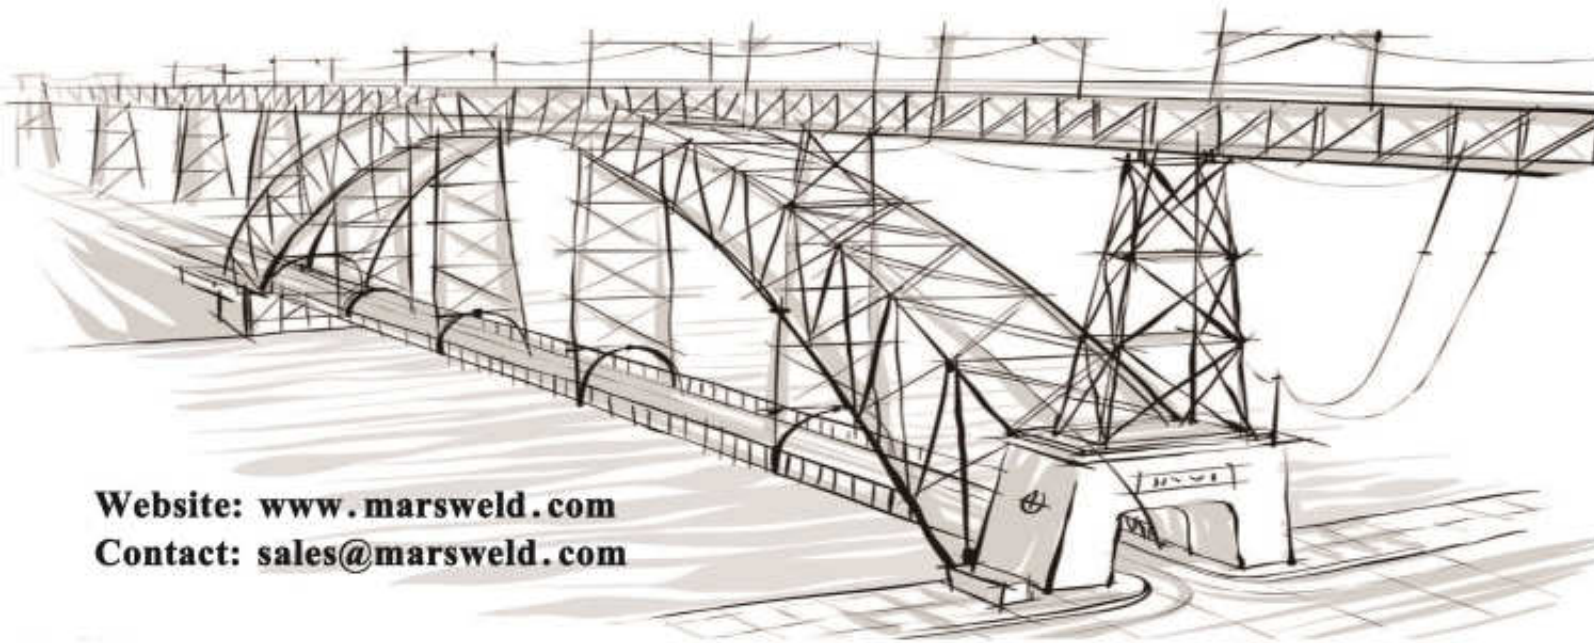

Full range input "5G" MMA welding serial;

Full range input TIG welding serial;

Heavy industrial air plasma cutting serial;

Air plasma cutting+plasma gouging serial;

Heavy industrial TIG welding serial.
